SAFETY ADVICE

WE WOULD LIKE TO REMIND YOU THE INSTALLATION OF A STAND REQUIRES A CERTAIN TECHICAL KNOWLEDGE OF THE ASSEMBLY METHODS. THIS IS WHY WE WOULD RECOMMEND THAT YOU CONTRACT SUITABLE INSTALLERS TO ASSEMBLE YOUR STAND.

AT LEAST TWO PEOPLE ARE REQUIRED TO ASSEMBLE THE STAND AS SOME OF THE COMPONENTS PARTS ARE HEAVY. KEEP CHILDREN AND ANIMALS AWAY FROM THE WORK AREA, TO PREVENT INJURIES.

MAKE SURE YOU HAVE ENOUGH SPACE TO LAYOUT THE PARTS BEFORE STARTING.

XCLUSIVEDECOR LTD IS NOT RESPONSIBLE FOR ANY ACCIDENT OR DAMAGED PARTS IT CAN HAPPEN DURING THE STAND ASSEMBLY OR PLACE THE PIZZA OVEN ON THE TOP OF THE STAND.

BEFORE ASSEMBLY:

- The parts are usually made of concrete, stone or brick and they are thus particularly sensitive to shock and vibrations during the assembly.
- Do not assemble your stand in fully-enclosed environments, must in addition be installed away from trees, plants and other flammable materials.
- The stand must be assembled on a rigid horizontal surface, it is not appropriate to set up directly on the ground, gravel, grass or similar. These surfaces may not be stable and will cause slopes on the stand thus causing cracks. Use silicone adhesive for fixing the parts together.
- The stand shall be installed in such a way that allows the specific swelling / contraction of this type of products, otherwise there maybe cracks.
- After the assembly is complete you should clean the dust of all the parts of your stand.
- Allow the silicone dry according to the silicone instructions before place your oven on the top of the stand.
